

ANNALS OF EUGENICS

A Journal for the Scientific Study of Racial Problems

Edited by K. PEARSON and E. M. ELDERTON

Volume I, Parts III & IV. May, 1926. 35/- net (including postage)

CONTENTS

I. Studies of Palaeolithic Man. (I) The Chancelade Skull and its Relation to the Modern Eskimo Skull. By G. M. MORANT, M.Sc. (With three figures in text, ten photographic plates and three tissue contours in pocket.) II. On the Relative Value of the Factors which influence Infant Welfare. An Inquiry by ETHEL M. ELDERTON based on Data provided by Dr A. G. ANDERSON (M.O.H. Rochdale), Dr W. A. EVANS (M.O.H. Bradford), Dr A. GREENWOOD (M.O.H. Blackburn), Dr H. O. PILKINGTON (M.O.H. Preston) and Dr C. H. TATTERSALL (M.O.H. Salford). (With sixty-two diagrams in the Text.) Part II (*con.*) Factors of Infant Viability: (9) Feeding of the Baby; (10) Storage of Milk, Treatment of Milk, Cleanliness of Bottle and Type of Bottle; (11) Influence of Wage of Father and Regularity of his Employment; (12) Influence of Housing Conditions; (13) Infant Viability and the Various Factors in all Districts; (14) Summary of Conclusions. III. On our present Knowledge of the Relationship of Mind and Body. By KARL PEARSON, F.R.S. IV. On the Influence of Sanatorium and Dispensary Treatment and Housing Conditions on Pulmonary Tuberculosis. By PERCY STOCKS, M.D., assisted by M. NOEL KARN. (With seven figures in the text.) (i) Introductory; (ii) Material; (iii) Assessment of the Initial Condition; (iv) Assessment of Progress of Patients; (v) Classification of Treatment; (vi) Graphic Comparison of Progress of Sanatorium-treated and other Cases; (vii) Comparison of Progress of Sanatorium-treated and other Cases on "Exposed Risk" Basis; (viii) Influence of Treatment and Home Conditions on Progress—Correlation Method; (ix) Conclusions. V. A Pedigree of Paralysis Agitans. By JULIA BELL and A. J. CLARK, M.D. (With one figure in the text and two plates.)

A volume of the "Annals of Eugenics" will contain about 400 pages with plates and tables. An endeavour will be made to issue a volume annually. The subscription price, payable in advance, is 50/- net per volume (including packing and postage). All subscriptions must be prepaid, i.e., paid before issue of the first part of a volume. After issue parts can only be obtained at wrapper prices. Cheques should be made payable to the Galton Laboratory for National Eugenics, crossed "Annals of Eugenics a/c," and sent to the Secretary to the Galton Laboratory, University College, London, W.C. 1. No foreign cheques can be accepted unless they are drawn in sterling, properly stamped, and payable at a London agency.
